ADDITIONAL QUALIFICATION & CERTIFICATIONS

▪ CITA (2019-2020)
       Bankura Youth Computer Training Center
       Bankura, West Bengal, Grade:A

INTERNSHIP & PROJECTS:

Portfolio (7th Jan, 2023 – 10th Apr, 2024)

This is a simple portfolio of mine.
Skills Used: HTML, Graphic Design, Web Design, CSS, Responsive Web Design, Front-End Development, GitHub

Keep Notes App(Aug,2024 - Aug,2024)
Front-End Developer | React.js, HTML, CSS

Description: Developed a responsive and user-friendly note-taking application using React.js, HTML, and CSS. The app allows users to create, edit, and delete notes, with a focus on simplicity and functionality.

To-Do List Application(Aug,2024 - Aug,2024)

Description: Developed a responsive and dynamic To-Do List application using **React.js**, **HTML**, and **CSS**. This project demonstrates my proficiency in front-end development and state management, as well as my ability to create clean, user-friendly interfaces.

Weather App Project (July,2024 - Aug,2024)

Developed a dynamic weather application using **JavaScript**, **Express.js**, and **EJS** templates. The app fetches real-time weather data from the OpenWeatherMap API and displays it with a user-friendly interface. Key features include city-based weather search, temperature conversion, and customized weather icons. Implemented responsive design using **Bootstrap** and added custom background imagery to enhance the visual appeal. This project showcases skills in full-stack web development, API integration, and front-end design.

Book Finder App Project (May, 2024 - May,2024)

I developed a responsive Book Finder app using HTML, CSS, JavaScript, Node.js, EJS templates, and Bootstrap. The app integrates with external APIs to enable users to search and discover books seamlessly, providing a rich user experience with dynamically rendered content and intuitive UI design.
